

Class Booklists - 2023

Dear Parents and Carers,

The books and equipment listed are the basic requirements for the 2023 school year at Blackbutt SS. Additional items may be required as the year progresses.

Would parents please print their child's name on all the books and equipment before they are brought to school. A cover on exercise books will also assist in protecting them.

Please ensure items purchased are of good quality as many of the items are required to last an entire year. We do not place an emphasis on any one brand however you are certainly encouraged to discuss preferences with your child's teacher. Please ensure all items are purchased and ready to be brought to school on the first day of school next year.

Student Workbooks

As a school we choose not to use text/work books as part of our teaching practice. We do this because we believe that workbooks too often become busy work and are completed simply because they appear in the book, not because they are the best learning activity for students. This allows teachers to really target individual learning needs of students and access a wide range of resources for teaching and learning, some being photocopies of relevant activities but also multimedia and other electronic resources such as websites and alike.

Reams of Paper

As parents are not required to pay the significant cost of text books (upwards of \$25 per child in the past) the school asks parents to help us offset the increased photocopy burden the school has taken on by supplying one ream of copy paper per child per term. This can be all supplied at the start of the year (if possible) or 1 ream at the start of each term. Please ensure the paper is of **80gsm weight** and of good quality. Thank you for your support in this.

If you have any questions concerning books or equipment for your child please don't hesitate to contact the school.

Year 1	
3 x Scrapbooks (blank pages no lines)
